Meaningful work and essential income

J
O
Y

I'm building confidence as I teach others how to make a certain piece.

I can be creative and gain an income.

There is a positive environment with a good support structure.

I'm getting better at what I'm doing.

This is helping me with more things than pottery. I'm not just waiting on pills to handle my depression.

The work itself is good and it is good to have work.

JUSTPOTTERS
pottery with purpose

give

A beautiful handcrafted ceramic piece

Your organisation can:

Extend hospitality
with mugs, plates and serving bowls

Give recognition to valued employees
with unique gift ideas

Build awareness of your work
with promotional mugs carrying your company logo

Give work and income. Give beauty and function.
Give, with purpose.

JUSTPOTTERS
pottery with purpose

For individuals facing barriers to work, JustPotters fosters economic opportunity and community development through the creation of handcrafted pottery.
